IMPORTANT NOTES:

MANUAL DOWNLOAD OF SECURITY APPLICATION INSTALLER:

- 1. If you download the installer from other source than ESET HOME account, then you are required to login to ESET HOME or creation during product installation and activation. (Note: Only if a subscription is not added to another ESET HOME account).
- 2. If you decide to skip ESET HOME login or account creation, then options to enter activation key, to buy subscription or to try subscription will be displayed.

After you enter activation key to the installer, we will differentiate whether the activation key belongs to a subscription which is associated with ESET HOME.

- If the subscription is associated with ESET HOME, you will continue and finish app installation and activation.
- If the subscription is not yet associated with ESET HOME, then account login or creation will be mandatory.
